Sales Performance Dashboard

Project Overview

Analyse sales data to identify to key revenue drivers, regional performance and trends to support business decision making.

Tools

- Excel
- Pivot table
- Visualizations
- Slicers

Key Insights

- West region generates the highest revenue
- Monitor is the top-performing product
- Sales show fluctuations across months
- Seasonal trends are visible in the monthly analysis

Recommendations

- Promote underperforming products like headphones using discounts.
- Focus on weaker regions with targeted marketing and regional offers.
- Running monthly consistence of sales and promotional campaigns.

Outcome

Built an interactive dashboards that helps analyse sales performance and supports business decisions.
